

Course 5. Visit for Mishima Skywalk and GOTEMBA PREMIUM OUTLETS

Mishima Skywalk

The Mishima Skywalk is a picturesque scenery spot where you can see Mt. Fuji from a gigantic suspension bridge. A total length of 400m, it is Japan's longest pedestrian suspension bridge. It is recommended that you visit in the mornings or evenings. Mt. Fuji and the ocean (Suruga Bay) are especially beautiful around nine in the morning when the temperature is low. You can also enjoy the beautiful sunset from October to February. Experience thrilling activities at Forest Adventure! On the Long Zip Slide, you can experience the exhilarating feeling of gliding in the air 70m above ground for 300m while gazing at Mt. Fuji (reservations not required). A café and restaurant are also attached to the facility.

GOTEMBA PREMIUM OUTLETS

The Gotemba Premium Outlets are Japan's most popular outlet mall, located in Gotemba City at the base of Mount Fuji, not far from Hakone. The mall features around 300 stores and restaurants, a food court, a 50 meter high Ferris wheel, a hotel and a public hot spring bath.

The stores found at the Premium Outlets are the outlets of internationally known brands of fashion, sports, food, household goods and electronics, and range from everyday items to luxury goods. They are better on average than what you will find at regular retail shops in Japan. Overall it is a nice place for a day of shopping, with a lot of variety and reasonable prices.
